Bid for procurement of Database Management System Software Licenses for the office of the Gujarat Urban Development Mission (GUDM), Gandhinagar.

(GeM Tender No. GEM/2026/B/7753007 dated 07.07.2026.)

Response to Pre-bid queries				
Sr. no.	**Terms in the tender**		**Bidder's queries**	**Response to bidders**
1	PAC	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, PostgresPlus	Postgres, EnterpiseDB, IntelliDB, Postgres Plus , these are the name added in the Tender as maker. We request you to Include Postgres Pro another OEM who provide same/ similar support in case Database Management System Software. This will have wide range of the choice and Price advantages for Urban Development And Urban Housing Department Gujarat.	Please see corrigendum
2			Also there is no mentioned of payment terms, can you please include the same in the corrigendum	Please see corrigendum
3	Technical Specification	The Database OEM should be Class 1 make in India Compliant.	The Database OEM should be Class 1/Class 2 make in India Compliant. **Justification:** Request you to change the clause to ensure we can bid through our certified channel partner	Please see corrigendum
4			All the Database technical specifications given should be native capability of Database and should not be supported through 3rd party integration. This is important to comply with the Cert-In guidelines of SBOM. If a feature is provided through 3rd Party open source tool, this becomes a supply chain attack and can attract penalty through DPDP clause	As per RFP

5			OEM should have following capabilties 1. The OEM/ Technology Provider average annual turnover of it's India entity over the last three financial years must be 20 crores. 2.OEM/ Technology Provider of Postgres has executed following purchase orders of PostgreSQL in any Central Govt./State Govt. organizations in the last 5 years. - One order of minimum INR 4 Crore OR - Two orders of minimum INR 2 Crore OR - Three orders of minimum INR 1.5 Crore 3.OEM/ Technology Provider of Postgres must have a 24x7 Support Center in India with PostgreSQL expertise, operational for the last 3+ years. 4.OEM/ Technology Provider of Postgres should have dedicated support centre/s for Postgres database in India having not less than 50 support engineers. **Justification:** These qualifications are required to ensure that the OEM has worked on similar cases in past and they can support a project of this scale at ease. The last applciation which was developed fo GYDM runs on a Database name Tibero, which doesn't have support in India. It's important to buy a product which has a crdible history and presence in India with a strong backend technical supprot team to ensure that GUDM gets proper support for this critical citizen facing application.	1. Please see corrigendum 2. Please see corrigendum 3. We have asked Enterprise Support (24*7) 4. As per OEM policy, Support center should be in India

6			"For DPDP act to be complied following essentialand critical functionalities are required from the Database:1. Transparent Data Encryption2. Data Redaction 3. Role and Privilige Analysis4. Row Level Security5. Encrypted Backups 6. Extensive Audit and Bundled Audit ArchivingConsidering the same we request department to consider database which provides all the above functioanlities out of the box bundled with core database"**Justification:** DPDP is scheduled to go live from May 2027. These features will become mandatory and if not considered department may get penalized to the tune of maximum 250 Crores.	As per RFP
7			Cert-In has made it mandatory for all open source OEMs to provide Software Bill of Material (SBOM). We request department to make it mandatory for the OEM to provide SBOM. **Justification:** As per Cert-in document "Technical Guidelines on |SBOM|QBOM & CBOM| AIBOM|HBOM"	
8	Eligibility Criteria	OEM Average Annual Turn Over: 10.72 Cr	An OEM turnover of ₹10+ Cr is very high and would make only one bidder eligible	Please see corrigendum
9	PAC	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, PostgresPlus	Tender has listed a few set of names which limit the scope of the tender; would recommend that names be removed and all eligible companies be allowed to bid	Prostgre Enterprise support providers may participate in the tender.

10	Terms & Condition	Product Description PostgreSQL database licenses with 5 years support.	Request for Consideration: We kindly request the authority to consider Postgres Pro Enterprise, an enterprise-grade PostgreSQL solution, as an eligible offering under this tender. Postgres Pro Enterprise provides advanced features such as high availability, enterprise backup & recovery, performance optimization, enhanced security, monitoring, Oracle compatibility, and enterprise support, while fully complying with the prescribed technical and functional requirements. We request the authority to kindly include Postgres Pro Enterprise as an eligible Enterprise PostgreSQL solution to promote fair competition and provide the purchaser with a wider choice of technically compliant solutions.	Prostgre Enterprise support providers may participate in the tender.
11	Terms & Condition	Scope of Supply: Scope of supply (Bid price to include all cost components) : Supply Installation Testing and Commissioning of Goods	Kindly clarify whether the scope includes installation, configuration, migration, replication/HA setup, performance tuning, security hardening, documentation, administrator training, UAT, and production go-live support. Please also confirm whether all such activities are included in the quoted price.	Bid price included all components as per bid
12	Terms & Condition	Delivery Days: 15	Kindly clarify whether the delivery timeline of 15 days applies only to software license delivery or also includes installation, migration, testing, commissioning, and acceptance.	All activities are required to be completed within 15 days.
13	Terms & Condition	Scope of Supply: Scope of supply (Bid price to include all cost components) : Supply Installation Testing and Commissioning of Goods	Kindly clarify the acceptance criteria for successful project completion. Please confirm whether acceptance shall be based on license delivery, successful installation, UAT, production deployment, or any other milestone	All activities are required to be completed within 15 days.

14	Terms & Condition	OEM: IMPORTED PRODUCTS: In case of imported products, OEM or Authorized Seller of OEM should have a registered office in India to provide after sales service support in India. The certificate to this effect should be submitted.	Kindly confirm whether OEM support delivered through the OEM's authorized distributor/partner in India, fully backed by the OEM, shall be considered compliant with this requirement.	As per bid
15	Technical Specification		Kindly clarify whether enterprise features such as Transparent Data Encryption (TDE), Data Masking, Job Scheduler, Database Auditing, Connection Pooling, High Availability, Backup & Recovery, Monitoring, and Replication are mandatory. If yes, kindly specify whether these features are required in the base license or may be provided through licensed add-on modules.	As per specification mentioned in bid
16	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed · at least one single order of Rs. 1.70 Cr. or · 2 Orders each of Rs. 1.07 Cr. or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	The tender specifically mentions Bidder Past Performance. Kindly confirm that evaluation shall be based solely on the bidder's executed Purchase Orders as specified in the tender and that OEM Past Performance is not mandatory, unless expressly stated elsewhere in the bid document.	Please see corrigendum

17	Technical Specification	The database OEM should provide onsite training once in 6 months deliverd by dedicated Training professsional at no extra cost	Kindly clarify whether periodic training may be conducted virtually by the OEM or whether onsite training at Gandhinagar is mandatory throughout the contract period.	Virtually training is allowed
18	Eligibility Criteria	Bidder Average Annual Turn Over: 1.07 Cr OEM Average Annual Turn Over: 10.72 Cr	Kindly clarify whether the prescribed Bidder Turnover and OEM Turnover criteria shall be evaluated independently as mentioned in the tender and whether relaxation, wherever applicable under GeM provisions, shall be extended accordingly	Turnover criteria shall be evaluated independently. Please see corrigendum also.
19	Terms & Condition	Scope of Supply Scope of supply (Bid price to include all cost components) : Supply Installation Testing and Commissioning of Goods	Kindly confirm whether the quoted price should include licenses, installation, testing, commissioning, documentation, training, travel, implementation, and five-year support, or whether any of these components shall be paid separately.	As per bid, Bid price included all components
20	Eligibility Criteria	OEM Average Annual Turn Over: 10.72 Cr	kindly clarify whether past performance credentials of the OEM from international deployments/projects will be considered for evaluation, or whether only Purchase Orders executed for Central/State Government Departments, PSUs, or organizations within India will be accepted.	Please see corrigendum

21	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	The bidder must have successfully executed/completed at least . One single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for Open Source database license with enterprise support in last 3 years to any central / state Government / PSU/ Listed Company	Please see corrigendum
22			The bidder must have office either at Ahmedabad/Gandhinagar OR the bidder has to open office at Ahmedabad/Gandhinagar within 15 days (Working) of issuance of Work Order. **Justification:** Request you to remove this clause as we will not get clearance from legal dept for the same. Moreover, we have been serving multiple customers in the Government space across different states like Madhya Pradesh, Rajasthan, Maharashtra etc out of our HQ in Delhi NCR and have always delivered above expectations and SLAs.	This Clause is not asked in the bid.

23	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	Kindly allow the past performance experience of either the Bidder or the OEM meeting the prescribed criteria. **Justification:** In enterprise database projects, the OEM plays a significant role in licensing, implementation, technical support, and successful project execution. Allowing the past performance of either the Bidder or the OEM is a standard industry practice adopted in many Government tenders. This amendment will promote wider participation of authorized partners while ensuring that the solution is backed by an experienced OEM with proven execution capability, thereby maintaining the desired technical and delivery standards.	Please see corrigendum
24	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	Kindly amend the clause to allow experience of enterprise Oracle Database / PostgreSQL Database / Any Enterprise Database (of equivalent value executed for Central/State Government/PSU/Listed Companiee in last 5 years. **Justification:** Enterprise database platforms such as Oracle, PostgreSQL, Microsoft SQL Server, IBM Db2, MariaDB Enterprise, and other equivalent RDBMS solutions require similar expertise in licensing, deployment, configuration, migration, administration, and support. Restricting the experience solely to PostgreSQL unnecessarily limits competition without impacting the bidder's technical capability. Allowing equivalent enterprise database experience will encourage wider participation, ensure fair competition, and enable the department to receive more competitive bids while maintaining the required technical standards.	Please see corrigendum

25	Technical Specification	The Database OEM should be Class 1 make in India Compliant.	The specification requires the Database OEM to be Class 1 Make in India compliant. We request clarification on whether Class 1 local content certification is mandatory for the OEM, or whether an OEM having a registered office in India providing after sales service support (as required under Buyer Added ATC, Point 13), and meeting all other stipulated criteria, would be considered acceptable.	Please see corrigendum
26	Eligibility Criteria	OEM Average Annual Turn Over: 10.72 Cr	We request clarification on whether the stipulated OEM average annual turnover is to be considered against the global turnover of the OEM or against the turnover of its India entity.	Please see corrigendum
27	Quantity	110	The bid indicates a total quantity of 110 PostgreSQL Enterprise database licenses. We request clarification on the applicable licensing unit (per core / per vCPU / per socket / per server / named user), and whether the quantity of 110 pertains to production environment only or is inclusive of DR / standby and development / test environments, to enable accurate sizing and pricing.	Please see corrigendum
28	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	We request confirmation that purchase orders executed for commercially supported Enterprise Postgres distributions shall qualify under the stipulated "PostgreSQL database license" past performance criterion.	Please see corrigendum

29	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	Kindly revise the eligibility criterion to accept experience in the supply, implementation, or licensing of Oracle Database, PostgreSQL Database, or any equivalent Enterprise Database of the prescribed value, successfully executed for Central Government, State Government, PSUs, or Listed Companies within the last five (5) years. **Justification:** Allowing experience in Oracle, PostgreSQL, or any equivalent Enterprise Database executed within the last five years will promote wider participation from technically competent bidders while ensuring equivalent project execution capability and healthy competition.	Please see corrigendum
30	Additional		The budget indicated in the RFP appears to differ significantly from the prevailing market cost of such products. Kindly specify the estimated project budget/procurement value for this tender to enable bidders to prepare an appropriate commercial proposal.	Bidders are requested to submit rates to get L1
31	Additional		The department may consider requiring a dedicated database resource on the Database OEM's payroll throughout the project duration. Such a resource can provide specialized product expertise, faster issue resolution, adherence to OEM best practices, improved database performance, and better compliance with project SLAs	As per OEM policy

32	Technical Specification	Postgres Database OEM should show atleast 3 Govt / PSU Purchase Orders of minimum value of 50 Lakhs INR or more.	The tender requires the Database OEM to have at least three Government/PSU Purchase Orders of minimum value ₹50 Lakhs. Kindly clarify whether these purchase orders should be exclusively for Enterprise PostgreSQL Database software, or whether database solutions supplied as part of Smart City, ICCC, Data Centre, e-Governance, or IT Infrastructure projects shall also be considered.	Please see corrigendum
33	Technical Specification	The Database OEM should be Class 1 make in India Compliant.	Kindly confirm whether submission of a valid DPIIT Class-I Make in India certificate issued by the OEM shall be considered sufficient for compliance with this requirement.	Please see corrigendum
34	Technical Specification	The database should have Active-active replication	Kindly clarify whether OEM-supported and commercially supported Active-Active replication technologies, including certified extensions or clustering solutions, shall be considered compliant, or whether only native database functionality is acceptable.	As per RFP
35	Technical Specification	The Relational Database Management System Software should have Inbuilt In-memory caching feature	Kindly clarify the expected scope of the "Inbuilt In-Memory Caching" feature. Will Enterprise PostgreSQL shared memory architecture together with OEM-supported caching mechanisms satisfy this requirement?	As per RFP
36	Technical Specification	The Postgres database must be Enterprise version and should have support from Enterprise and should not be community supported product.	Kindly confirm that any commercially supported Enterprise PostgreSQL solution meeting all technical specifications, along with OEM support and MAF, shall be considered acceptable, and that no specific OEM is intended.	As per RFP

37	Eligibility Criteria	OEM Average Annual Turn Over: 10.72 Cr	An OEM turnover of ₹10+ Cr is very high and would prevent other bidders from participating. This requirement should apply to the Bidder/OEM	Please see corrigendum
38	PAC	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, PostgresPlus	The tender lists a few set of names that do not provide the best solution for the tender; we recommend removing these names or allowing all participants.	Prostgre Enterprise support providers may participate in the tender.
39	Eligibility Criteria	OEM Average Annual Turn Over: 10.72 Cr	An OEM turnover of ₹10+ Cr is very high and would make only one bidder eligible	Please see corrigendum
40	PAC	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, PostgresPlus	Tender has listed a few set of names which limit the scope of the tender; would recommend that names be removed and all eligible companies be allowed to bid. By listing names it seems the department is bias and is favouring a few OEM's this is unethical and raises concerns . Does the department not want a fair bid or is that the department wants to eliminate a couple of worthy OEM's . This needs to be addressed, the team that has prepared the tender seems to be favouring a few OEM's and this is not in line with the fair policies of the Govt.	Prostgre Enterprise support providers may participate in the tender.

41			We are keen to participate in this tender along with one of our esteemed OEM partners, who has successfully been providing PostgreSQL support and services for several State Government and Central Government projects across India. However, we have observed that one of the eligibility criteria mentioned in the tender is highly restrictive and limits participation to only a few vendors. As a result, several technically capable and experienced OEMs are unable to participate despite having a proven track record in delivering similar services. We kindly request you to review and amend the concerned eligibility criterion so that all qualified and capable OEMs meeting the technical and project requirements can participate. This will encourage healthy competition, provide you with a wider choice of experienced vendors, and help ensure the best technical support and value for this important project. We would be grateful if you could consider our request and make the necessary amendment to the tender clause in the interest of fair competition and broader participation.	Bidder has not clearly specified against which clause they have raised query. As per bid.
42	Eligibility Criteria	Product Description PostgreSQL database licenses with 5 years support.	It is requested that the authority consider Postgres Pro Enterprise, an enterprise-grade PostgreSQL solution from an established OEM, as an eligible offering under this tender. The solution complies with the prescribed technical and functional requirements and its inclusion will promote fair competition while providing the purchaser with a wider choice of technically compliant Enterprise PostgreSQL solutions.	Prostgre Enterprise support providers may participate in the tender.

43	Eligibility Criteria	Buyer Added text based ATC clauses Bidder Average Annual Turn Over: 1.07 Cr OEM Average Annual Turn Over: 10.72 Cr	Bidder Average Annual Turn Over: 1.07 Cr (is this turn over or PO) OEM Average Annual Turn Over: 10.72 Cr ExpectedPoint – Buyer Added text based ATC clauses Bidder/OEM Average Annual Turn Over: 1.07 Cr (PO from OEM are also acceptable) OEM/Bidder Average Annual Turn Over: 10.72 Cr for Bidder and USD 70 M for OEM **Justification :** The requested amendment does not seek any relaxation of the prescribed turnover requirement but only provides flexibility in demonstrating financial eligibility through either the Bidder or the OEM. As a multinational organization with annual global revenues exceeding USD 70 billion, the organization has the required financial capability and operational resources to support enterprise deployments. Postgres Pro Enterprise is a globally recognized enterprise PostgreSQL solution and a significant contributor to the PostgreSQL ecosystem, with extensive adoption and expertise in database technologies. The proposed modification will allow participation by authorized partners representing established OEM solutions and promote fair competition. The amendment will provide the purchaser with a wider choice of technically compliant solutions while ensuring delivery, implementation, and support responsibilities remain with the participating bidder. Therefore, it is requested that the turnover criteria be amended to consider Bidder/OEM.	It is clearly mentioned in the bid for Bidder Turnover criteria. Please see corrigendum also.

44	Eligibility Criteria	Past Performance: Bidder Past Performance: The bidder must have successfully executed/completed at least: . 1 single order of Rs. 1.70 Cr. Or · 2 Orders each of Rs. 1.07 Cr. Or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	Request to add relaxation in the past performance criterion will enable participation by authorized channel partners representing established OEMs with proven product deployments. Considering the past performance of either the Bidder or the OEM will encourage fair competition while maintaining the required qualification standards	Please see corrigendum

Corrigendum dated 01.08.2026

Sr. no.	Existing clause	Revised clause
1	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, PostgresPlus	Maker's Name & Address: Postgres, EnterpriseDB, IntelliDB, ~~PostgresPlus,~~ **Postgres1st**
2	License Qty: 110	Please refer the Table A (Bill of Materials-BoQ) Bidders are requested to submit rates for bifurcation of licenses as per OEM policy as mentioned Table- A on GeM portal.
3	-	Payment Terms: Yearly advance payment will be made during the period of 5 years.
4	ePBG : NO	ePBG is not asked in this bid, However bidder will have to submit ePBG@ 5% of the contract value for 62 months validity from banks as per latest Finance Department GR.

5	Bidder Turnover: Bidder Average Annual Turn Over: 1.07 Cr	Bidder Turnover: Bidder Average Annual Turn Over: 20.00 Cr
6	OEM Turnover: OEM Average Annual Turn Over: 10.72 Cr	OEM Turnover: OEM Average Annual Turn Over: 1 Cr
7	EMD Rs.4,29,000/-	EMD Rs.20,00,000/-
8	**Bidder Past Performance:** The bidder must have successfully executed/completed · at least one single order of Rs. 1.70 Cr. or · 2 Orders each of Rs. 1.07 Cr. or · 3 Orders each of of Rs. 85.00 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company	**Bidder Past Performance:** The bidder must have successfully executed/completed of 03 orders each of Rs. 50 lakhs for PostgreSQL database license in last 3 years to any central / state Government / PSU/ Listed Company. Copies of Purchase Orders should be submitted.
9	**Technical Specification** Postgres Database OEM should show at least 3 Govt / PSU Purchase Orders of minimum value of 50 Lakhs INR or more.	**Technical Specification** Postgres Database OEM should show at least 3 Govt / PSU Purchase Orders of minimum value of 01 Cr INR or more. Copies of Purchase Orders should be submitted.
10	**Technical Specification** The Database OEM should be Class 1 make in India Compliant.	**Technical Specification** ~~The Database OEM should be Class 1 make in India Compliant.~~
11	**Additional Terms & condition:** The OEM must have a minimum of five technical resources on its payroll in India. As supporting documents, the bidder shall submit: • Professional certificates of the technical resources, including employee details; and • PF (Provident Fund) statements as proof of employment records.	

Financial Price breakup:

- After getting L1 Bidder will have to submit the price break up as per below Performa only:

Table – A:

Sr.no	Environment	Component	Unit	Licence Qty	Enterprise Support cost for 1st year including Supply, Installation, Migration & commissioning per license (In Rs. with tax)	Enterprise Support cost from 2nd year to 5th year per license (In Rs. with tax)	Total Cost (In Rs. with tax)
1	DC Site	Enterprise PostgreSQL for Production	Unicore	100			
2	DR Site	Enterprise PostgreSQL for Production	Unicore	44			
3	Staging	Enterprise PostgreSQL for Non-Production	Unicore	76			
	Grand Total			220			

All other clauses/specifications are as per bid.
