Corrigendum issued against GeM Bid No. GEM/2026/B/7802581 has been duly incorporated in the new Bid GEM/2026/B/7928780.

Gem Representation for the Bid no. GEM/2026/B/7802581 Dated: 24-07-2026

Document Reference	Page no & Parameter Reference	Existing Clause	Change / Amend Request	Clarification/Justification	Response
GeM-Bidding-9624315	10 / Buyer Added Bid Specific ATC	OEM Experience: The OEM must have supplied same or similar product of Rs. 50 Cr of order value during the last 3 years before the bid opening date	We request you to please amend the clause as: The OEM must have supplied same or similar product of Rs. ~~50~~ 20 Cr of order value in a single PO of VC during the last 3 years before the bid opening date in Govt/PSU/Defense/National Banks & BFSI.	We request to consider this clause for wider participation	Please see Corrigendum
GeM-Bidding-9624315	Buyer Added Bid Specific ATC	Additional Point	We request you to please add the below clause: **3 x END CUSTOMER PO's with 150 Nos. VC Endpoints of same or similar product in Govt/Defense/Nationalised Banks & BFSI/ PSU.**	We request to consider this clause for participation from reputed OEM's.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	2 / 1. Scope of work for Video Conferencing Solution: point h	h. The Codec (Type-A) must be custom-built hardware and not software loaded on a PC. The unit must be equipped with an intuitive touch screen / panel / remote for controlling the VC Unit.	The Codec (Type-A) must be custom-built hardware and not software loaded on a PC. The unit must be equipped with an intuitive touch screen / panel ~~/ remote~~ for controlling the VC Unit.	We understand that "Remote" is a typographical error. We request that it also be removed from the Scope of Work, as there is no mention of "Remote" in the specifications.	Please see Corrigendum
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	2 / 1. Scope of work for Video Conferencing Solution: point b	b. All the items cannot be bunched in the GeM. However, the bidder should refer to all the items along with the specifications mentioned in (Annexure A) and provide all the products as a part of the VC Solution with Support & Service till the warranty period.	All the items cannot be bunched in the GeM. However, the bidder should refer to all the items along with the specifications mentioned in (Annexure A) and provide all the products as a part of the VC Solution with Support & Service till the warranty period. **The OEM shall provide direct technical support to the Purchaser throughout the contract period, without any intervention from the lead bidder if required, as the OEM warranty is required for 7 years. The Purchaser shall have the right to log support cases and receive technical assistance directly from the OEM without mandatory involvement of the authorized partner or reseller. OEM should provide the undertaking on OEM letterhead confiming the same.**	Request to add the service clause, to ensure timely issue resolution, direct access to OEM Technical Assistance Centre(TAC) for faster escalation of critical cases, uninterrupted support during the 7 years contract period, and continuity of service irrespective of the partner's availability or business status.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	8 / Technical Specifications: Recommended RFP Specification For Type-A	1 Product Architecture -The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. All components shall be from the same OEM and supplied as an integrated solution.	We request to amend the clause as:- The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. **If a network switch is required for connecting peripherals such as the touch panel, microphone, or camera, it shall be supplied as part of the proposed solution. The switch shall be dedicated to the video conferencing peripherals and shall not be connected to the GIL network.** All components shall be from the same OEM and supplied as an integrated solution.	We understand that this is an important requirement from a security perspective. If the same network switch is shared between the GIL network and video conferencing peripherals (such as the touch panel, microphone, and camera), it may introduce potential security risks and increase the network attack surface. Therefore, we request that the clause be amended to specify that the switch used for connecting VC peripherals shall be separate from the GIL network to ensure enhanced network security and isolation.	Bidder may propose a network switch to connect the Microphones. No additional cost shall be paid by GOG.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	8 / Technical Specifications: Recommended RFP Specification For Type-A	11. It should support 3 microphones with digital architecture connected to a codec directly or through an external audio bridge each with an illuminated mute button/sensor. 2 mics should be supplied from day 1. All mics to be from the endpoint OEM only.	We request you to please amend the clause as: It should support 3 microphones with digital/ **Stereo pin analog** architecture connected to a codec directly or through an external audio bridge each with an illuminated mute button/sensor. 2 mics should be supplied from day 1. All mics to be from the endpoint OEM only.	Currently, GIL is using 3.5mm steeo pin analog microphones with all the available VC brands and has been in use for more than a decade. Digital Microphones add to network related complexity in peripherals as it depends on IP address availability within the room. Therefore it is requested to kindly allow stereo pin analog microphones to avoid complexity in O&M.	Please see Corrigendum

Document Reference	**Page no & Parameter Reference**	**Existing Clause**	**Change / Amend Request**	**Clarification/Justification**	**Response**
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	8 / Technical Specifications: Recommended RFP Specification For Type-A	12. Camera -The camera shall be directly connected or over an AV over IP network. to the codec. The camera should be with a power adapter.	We request you to please amend the clause as:- Camera -The camera shall be connected directly or over an IP network (AVoIP) to the codec. The camera should be with a power adapter **or get the power from codec.**	Every OEM has its own approach to designing and manufacturing its products. Accordingly, power can be provided either through a dedicated power adapter or via a single cable that carries data, control, and power from the codec. Both approaches are standard design implementations and deliver the same required functionality.	Please see Corrigendum
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	8 / Technical Specifications: Recommended RFP Specification For Type-A	13 UC Platform OEM solution shall be certified to be configured for Microsoft Teams Room.	We request you to please amend the clause as:- 13. UC Platform OEM solution shall be certified to be configured for Microsoft Teams Room. Additionally, every device listed in Annexure A,(Type A & Type B) shall be capable of simultaneously joining Microsoft Teams meetings using the SIP URI. **The required licenses for CVI should be supplied for 7 years subscription period**	The existing clause indicates that GIL expects the proposed devices to be Microsoft Teams Room certified. To ensure full interoperability and operational flexibility, the devices should also support joining Microsoft Teams meetings using a SIP URI. This amendment will ensure that the proposed solution is hybrid, future-ready, and capable of delivering complete functionality without operational limitations.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	8 / Technical Specifications: Recommended RFP Specification For Type-A	14. Management - OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on premises and/or cloud deployment.	We request you to add- Device Registration and call control as well, clause read as: 14. Management - OEM shall provide centralized enterprise management platform for provisioning, **registering, call control,** monitoring, diagnostics, firmware upgrades and inventory management supporting both onpremises and/or cloud deployment.	For seamless O&M, it is recommended that all the VC devices register to the existing central call control server available with GIL for a unified dial plan, smooth provisioning, Unified troubleshooting, analysing traffic behaviour such pakcet loss, jitter, latency etc and overall inventory management and interoperability with existing MCU. Hence we request that these capabilities be mentioned in the specification.	No Change. As per RFP.

Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	13 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	13 UC Platform OEM solution shall be certified to be configured for Microsoft Teams Room.	We request you to please amend the clause as:- 13. UC Platform OEM solution shall be certified to be configured for Microsoft Teams Room. Additionally, every device listed in Annexure A,(Type A & Type B) shall be capable of simultaneously joining Microsoft Teams meetings using the SIP URI. **The required licenses for CVI should be supplied for 7 years subscription period**	The existing clause indicates that GIL expects the proposed devices to be Microsoft Teams Room certified. To ensure full interoperability and operational flexibility, the devices should also support joining Microsoft Teams meetings using a SIP URI. This amendment will ensure that the proposed solution is hybrid, future-ready, and capable of delivering complete functionality without operational limitations.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	14 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	14. Management - OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on premises and/or cloud deployment.	We request you to add- Device Registration and call control as well, clause read as: 14. Management - OEM shall provide centralized enterprise management platform for provisioning, **registering, call control,** monitoring, diagnostics, firmware upgrades and inventory management supporting both onpremises and/or cloud deployment.	For seamless O&M, it is recommended that all the VC devices register to the existing central call control server available with GIL for a unified dial plan, smooth provisioning, Unified troubleshooting, analysing traffic behaviour such pakcet loss, jitter, latency etc and overall inventory management and interoperability with existing MCU. Hence we request that these capabilities be mentioned in the specification.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	14 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	17. BYOD/USB Passthrough -Support native Single cable BYOD operation through USB-C enabling use of the endpoint camera, microphones and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients.	We request you to add- Content Display BYOD/USB -Support native Single cable BYOD operation through USB-C enabling use of the endpoint camera, microphones, **Content Display** and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients.	We understand that the customer expects all required peripherals to be activated through a single USB-C connection during BYOD when a laptop or PC is connected to the codec. However, the clause appears to have inadvertently omitted content sharing/content display, which is an essential and mandatory requirement for BYOD operation. We request that the specification be amended accordingly for clarity and completeness.	Additional features can be provided by the OEM.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	14 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	17. BYOD/USB Passthrough -The system should be supplied with USB 3.0 cable for USB Pass-thru mode for seamless functionality.	We request you to amend the clause as:- BYOD/USB Passthrough -The system should be supplied with USB 3.0 cable for USB Pass-thru mode for seamless functionality. **The minimum length should be 9mtr or more and should be from same VC OEM for seamless functionality.**	For BYOD operation, the USB-C cable length should be explicitly specified to ensure practical and convenient usage. In a typical meeting room setup, the laptop is not placed on top of the codec but at a reasonable distance from it. Additionally, the supplied USB-C cable should be from the same VC OEM to ensure seamless compatibility and reliable functionality. We request that this clause be amended accordingly.	No Change. As per RFP.
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	14 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	18. Expandability -Support connection of additional cameras and microphones for larger conference rooms without replacement of the base codec.	We request to amend the clause as:- 18. Expandability -Support connection of additional camera and microphone for larger conference rooms without replacement of the base codec.	We request to amend the clause with additional single camera and single microphone for larger conference rooms (if required in future) as asked in the recommended specifications of the type-B category.	Please see Corrigendum
Buyer Added Bid Specific ATC - SoWVC_127106b2-1459-44e6-8daa1784872499621_buycon12.gilg.gj@gembuyer.in	14 / A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.	25. Software & Licensing - All software licenses, firmware, operating system licenses and feature licenses required for the offered functionality shall be perpetual and supplied from Day One. No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.	We request you to amend the clause as:- Software & Licensing - All software licenses, firmware, operating system licenses and feature licenses required for the offered functionality shall be perpetual/subscription and supplied from Day One. ~~No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.~~	GIL is currently using Cisco Expressway for device registration. As per our records, GIL has 349 device registration licenses, out of which, 42 licenses are being consumed by various VC devices. This RFP is for 329 units. Therefore, as per our understanding, there will a deficit of 22 Nos. device registration licenses on the current core Expressway infrastructure. Please let us know if these licenses are required to be supplied by the bidder with 7 years support ?	No Change. As per RFP.

Gem Representation for the Bid no. GEM/2026/B/7802581 Dated: 24-07-2026					
Document Reference	**Page no & Parameter Reference**	**Existing Clause**	**Change / Amend Request**	**Clarification/Justification**	**Response**
		Bidder Past Experience: The bidder must have successfully executed/completed at least one single order of Rs. 16 Crore of estimated bid value or 2 orders each of Rs. 10 Crore of estimated bid value or 3 orders each of Rs. 8 Crore of estimated bid value for similar products/services in the last 3 years to any Central/State Government/PSU/Listed Company.	Bidder Past Experience: The bidder must have successfully executed/completed at least one single order of Rs. 5 Crore of estimated bid value or 2 orders each of Rs. 3 Crore of estimated bid value or 3 orders each of Rs. 1 Crore of estimated bid value for similar products/services in the last 7 years to any Central/State Government/PSU/Listed Company	In Gujarat, no Government project of a similar nature and comparable value has been floated during the last seven years. Therefore, many technically competent bidders do not possess experience of such high-value orders despite having successfully executed similar projects. Hence, it is requested to relax the bidder experience criteria to ensure wider participation and healthy competition	Please see Corrigendum
				The specifications asked in the Bid RFP appear in the Bid RFP are seems to be not generic in nature & appears to be biased to a specific product keeping in mind (make: POLY).	No Change. As per RFP.
				Preference for Make in India Products: In accordance with the Make in India vide Ministry of Commerce and Industry Development of industrial policy and Promotion (PPS) Vide order No. P- 45021/2/2017-PP BE-II dated 28.05.2018 and Govt. of India MeitY (Ministry of Electronics and IT) vide Order No. 19-113/2020 Dated 16-03-2021 guidelines, We kindly request that preference be given to products manufactured in India. This aligns with our commitment to support local manufacturing and economic growth.	No Change. As per RFP.
				Small room is designed with Video bar with extension mic, which is giving preference to Foreign brand only.Solution can be done through both option ALL in one bar & PTZ camera with codec.	No Change. As per RFP.
				Kindly remove Microsoft teams certified devices clause. MII brand does not have such certificate.All devices are usb based devices which supports all SW based VC application.This clause again giving only preference to foreign Brand.	No Change. As per RFP.
				The current tender appears to support specific brand (specifically POLY) not listed on the Government e-Marketplace (GeM), which are foreign brands & may not comply with the Central Govt. guidelines. Therefore, it's crucial to align our processes with the directives laid out by the Central Govt. Ministry MeitY. In view of above points of concern, We hereby request you to kindly cancel this Bid / RFP/ Tender. We look forward towards your kind intervention in the said opportunity.	No Change. As per RFP.

On Page 7 in Bid Specific ATC Document under "Scope of Work and Additional Terms & Conditions", Paragraph 6		Quoted items are required to be offered with a 7 (Seven) year OEM warranty and on-site support. All equipment including material to be installed by the Bidder shall be new and the product should not be declared end of support for 7 (Seven) years.	As a policy, we extend 05 years Warranty on our products & offering, hence we request you to change the OEM warrant from 07 (Seven) years to 05 (Five) Years		Please see Corrigendum
On Page 7 in Bid Specific ATC Document under "Scope of Work and Additional Terms & Conditions", Paragraph 7		However, the TENDERER requires 7 (Seven) years' warranty and on-site support for each item (excluding cables & accessories). Bidders shall quote the price accordingly for each item considering 7 years' warranty support.	As a policy, we extend 05 years Warranty on our products & offering, hence we request you to change the OEM warrant from 07 (Seven) years to 05 (Five) Years		Please see Corrigendum
Product Architecture –		"The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. All components shall be from the same OEM and supplied as an integrated solution."	We request you to consider wireless handheld remote / Touch Control panel. The wireless handheld remote gives the flexibility to be operated by anyone in the room against a wired touch panel that is fixed on the table.		No Change. As per RFP.
Video Codec –		"Support H.264, or higher"	we request you to consider minimum requirement of H.265 or higher as H.265 is the latest video standard providing considerable bandwidth saving by allowing better resolution at lower bandwidth due to better compression standards		No Change. As per RFP.
Warranty		Minimum 7 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.	As a policy, we extend 05 years Warranty on our products & offering, hence we request you to change the OEM warrant from 07 (Seven) years to 05 (Five) Years		Please see Corrigendum
Product Architecture -		"The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. All components shall be from the same OEM and supplied as an integrated solution."	We request you to consider wireless handheld remote / Touch Control panel. The wireless handheld remote gives the flexibility to be operated by anyone in the room against a wired touch panel that is fixed on the table.		No Change. As per RFP.
Video Codec –		"Support H.264, or higher"	we request you to consider minimum requirement of H.265 or higher as H.265 is the latest video standard providing considerable bandwidth saving by allowing better resolution at lower bandwidth due to better compression standards		No Change. As per RFP.
Audio –		"Minimum 01 enterprise-grade omnidirectional / directional microphones with mute button. Codec shall support minimum 1 microphone expansion. Acoustic Echo Cancellation (AEC), Automatic Gain Control (AGC), Noise Reduction and full-duplex audio shall be supported	We request you to specify the room coverage and remove this point if the inbuilt mics of the all in one bar is able to cover the desired room size.		No Change. As per RFP.
Warranty		Minimum 7 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.	As a policy, we extend 05 years Warranty on our products & offering, hence we request you to change the OEM warrant from 07 (Seven) years to 05 (Five) Years		Please see Corrigendum

Gem Representation for the Bid no. GEM/2026/B/7802581 Dated: 24-07-2026					
Document Reference	**Page no & Parameter Reference**	**Existing Clause**	**Change / Amend Request**	**Clarification/Justification**	**Response**
Availability of Service Centres.	10 in GeM bid		OEM should have its own/OEM-authorized service centres operational for at least the last one year at all consignee locations before bid submission.	Required for effective support during the 7-year onsite warranty period	No Change. As per RFP.
OEM supply experience of ₹50 Crore.	10 in GeM bid		Clarify whether ₹50 Crore eligibility is combined for all tender items or individual for each product category (IFP, OPS, Camera, etc.).	Avoids ambiguity and ensures transparent evaluation.	Eligibility is for Individual component and not for all the items collectively
Camera specifications are robust whereas IFP specifications are generic.	Buyer Uploaded ATC document		Permit Professional High-Resolution Commercial TVs/Commercial Displays instead of IFPs for video conferencing. Alternatively, if IFPs are retained, minimum specifications should be 8 GB RAM, 64 GB ROM, Octa-Core Processor and Android 14.	Commercial TVs/Displays meet the functional requirement at significantly lower cost and provide better value for public funds.	No Change. As per RFP.
Make in India clause.	3 in Gem Bid		Include the Public Procurement (Preference to Make in India) Order with preference to eligible Class-I and Class-II Local Suppliers.	Promotes indigenous manufacturing and complies with Government policy.	No Change. As per RFP.
Warranty	10 in GeM bid		Revise warranty to 5 years (3 Years OEM Standard Warranty + 2 Years OEM Care Pack/Extended Warranty/AMC).	Industry-standard model with OEM-backed support and optimized lifecycle cost.	Please see Corrigendum
Commercial TV specifications.	New		Only Commercial Grade Commercial TVs/Commercial Displays should be accepted with minimum 400 nits brightness.	Ensures professional-grade reliability and visibility.	No Change. As per RFP.
OTT Applications.	New		Commercial TVs/Commercial Displays should not have pre-installed OTT applications .	Prevents misuse, enhances security and ensures official use only.	No Change. As per RFP.
55-inch display requirement.	Buyer Uploaded ATC document		Kindly clarify whether the 55-inch display requirement is for an Interactive Flat Panel (IFP) or a Commercial TV/Commercial Display. If it is for an IFP, kindly review the specification as 55-inch IFPs are not commonly available across major global OEM product portfolios.	Removes ambiguity, promotes wider OEM participation and facilitates fair competition.	Please see Corrigendum
	Buyer Added ATC ? Bidder Past Experience	The bidder must have successfully executed/completed at least one single order of Rs. 16 Crore or two orders of Rs. 10 Crore each or three orders of Rs. 8 Crore each for similar product/services in the last 3 years. Further, the ATC specifies that Video Conferencing Codec / PTZ Camera with Codec (Type-A) will be considered as the Primary Product for Experience, Past Performance and OEM Turnover evaluation.	Kindly consider the Past experience of complete integrated Video Conferencing / Audio-Visual Solution projects covering all major items included in this bid instead of restricting the evaluation only to the Type-A Video Conferencing Codec/PTZ Camera. Alternatively, consider the aggregate value of all similar products covered under the bid or evaluate experience based on a reasonable percentage of the overall project value rather than the entire PO value of a single primary product.	This procurement is a complete Video Conferencing Solution comprising Type-A VC Endpoints, Type-B VC Endpoints, Interactive Flat Panels, accessories, installation, commissioning and 7-year warranty & support. Restricting experience evaluation to only the Type-A VC Codec/PTZ Camera and requiring a single order of Rs. 16 Crore for that product is highly restrictive, as very few bidders have such standalone orders despite having successfully executed large integrated AV/VC projects of similar or higher value. Considering the complete project experience will promote wider participation, fair competition, and enable the department to obtain more competitive prices without compromising technical capability.	Please see Corrigendum

Document Reference	**Page no & Parameter Reference**	**Existing Clause**	**Change / Amend Request**	**Clarification/Justification**	**Response**
Additional Suggestion			Split clause between two OEMs	Considering the large-scale deployment and industry dynamics, we suggest including the split as L1 and L2 between min. two OEMs. This shall enable to de-risk the execution.	No Change. As per RFP.
8. Payment terms, penalty terms and Implementation timeline	(Page 4)	Delivery of material, Completion of installation &commissioning & training at all locations.T1 = T0+45 days PAYMENT :100% payment will be made after Delivery & installation of all hardware and related peripherals at each site. The inspection will be done by GIL	Delivery of the material should be 45 days and installation and commissioning of the material should be 45 days from delivery. It should be 80% on delivery 20% on installation and commissioning		Please see Corrigendum
Bid Clause : 6. Buyer Added Bid Specific ATC		Bidder Turnover: The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be Rs. 40 Cr in the bi d document. Documentary evidence in the form of certified Audited Balance Sheets of relevan t periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details with UDIN Number for the relevant period shall be uploaded with the bid.	Our Query : 1. Provide Relaxation for MSME & START UP Organization. 2. Allow Average Bidder Turn Over of last 3 years as RS.10 Cr. For Maximum bid participation and get competitive advantage to user.3. Allow JV/ Consortium to allow organization like ours to participate in the bid.		As per Gem gtc and Gujarart state procumrent policy
Bidder Past Experience:		The bidder must have successfully executed/completed at least one single order of Rs. 16 Cr of estimated bid value or 2 Orders each of Rs. 10 Cr of estimated bid value or 3 Orders e ach of Rs.8 Cr of estimated bid value for similar product / services in last 3 y ears to any central/ state Government / PSU/ Listed Company.	Our Query: 1. Provide Relaxation for MSME & START UP Organization. 2. Allow Experience of IT/ITES project multiple work order estimating value of 10 Cr. In last 3 years.		Please see Corrigendum
OEM Turnover:		The minimum average annual financial turnover of the OEM during the last three years, ending on 31st March of the previous financial year, should be Rs. 100 Cr (2022-23 & 2023-24 & 2024-25) in the bid document. Documentary evidence in the form of certified Audit ed Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details with UDIN Number for the relevant period shall be up loaded with the bid.	Our Query: As per the OEM Turnover Criteria it is not possible for any Make in INDIA product to get Qualified for the requirement, as per Government policy and guidelines to promote Make in INDIA product brands for government procurement. As such Bid should allow OEM turn Over of around RS.25 Crore (2022-23 & 2023-2024 & 2024-25).		As per Gem gtc and Gujarart state procumrent policy
OEM Experience:		The OEM must have supplied same or similar product of Rs. 50 Cr of order value during the last 3 years before the bid opening date.	Our Query: Allow OEM Work experience of bid value considering make in India brand to get qualify.		As per Gem gtc and Gujarart state procumrent policy
Technical Specification Query :			Specification for Codec and All-in-One Bar are not generic and most of the OEM (Make in India- Brand) will not able to comply for the same. So request you to please amend the specifications and make the specification more generic to allow maximum bid participation as per GEM guidelines.		No Change. As per RFP.

Gem Representation for the Bid no. GEM/2026/B/7802581 Dated: 24-07-2026					
Document Reference	**Page no & Parameter Reference**	**Existing Clause**	**Change / Amend Request**	**Clarification/Justification**	**Response**
Bidder Past Experience:		Thebidder must have successfully executed/completed at least one single order of Rs. 16 Crore of estimated bid value or 2 orders each of Rs. 10 Crore of estimated bid value or 3 orders each of Rs. 8 Crore of estimated bid value for similar products/services in the last 3 years to any Central/State Government/PSSU/Listed Company	Bidder Past Experience: The bidder must have successfully executed/completed at least one single order of Rs. 4 Crore of estimated bid value or 2 orders each of Rs. 2 Crore of estimated bid value or 3 orders each of Rs. 1 Crore of estimated bid value for similar products/services in the last 7 years to any Central/State Government/ PSU/Listed Company.	Since no Government project of similar nature and comparable value has been floated in India during the last seven years, many technically qualified bidders are unable to meet the prescribed experience criteria despite having successfully executed similar works. It is, therefore, requested to suitably relax the experience requirement to promote wider participation and fair competition	Please see Corrigendum

Scope of Work and Additional Terms & Conditions

The Bidder under the scope of work in this GeM bid is envisaged to design the solution including but not limited to Supply, Installation, and Commissioning of Equipment's/hardware, and the software required for the successful implementation of the Video Conferencing Solution with Interactive Flat Panel Displays at the identified District Headquarters / Secretariat and Taluka Level Offices under various Departments, Government of Gujarat (hereinafter referred to as the "SITES"), on behalf of the respective User Departments, Government of Gujarat (hereinafter referred to as the "TENDERER"), as per the functional and technical specifications and the scope of work mentioned in this GeM Bid. The bidder shall be responsible for the implementation of the work as defined in the GeM bid.

Bidder is also responsible for all the components such as: Type-A Video Conferencing Endpoint (Codec-based, comprising PTZ Camera, Codec, Microphones and Touch Control Panel), Type-B Video Conferencing Endpoint (All-in-One Video Bar), 75-Inch Interactive Flat Panel with OPS, 55-Inch Display Unit, HDMI Cables, mounting brackets and any other devices/accessories required for the successful running of the envisaged solution at each of the identified locations.

The Bidder is responsible for any other components inadvertently missed out but required as per the proposed solution of the bidder and essential for the overall solution to successfully run during the entire project duration; the bidder has to consider the same in his proposed solution. TENDERER will not be liable for payment of any additional cost outside of the Financial Bid.

The locations for installation will be the District Headquarters/Secretariat offices (44 Nos.) and Taluka level offices (285 Nos.) listed at Annexure-D, and will be finalized in consultation with the respective officers of the concerned Department(s) / GIL.

The complete scope of work would broadly be: design, engineering, supply, testing, installation, commissioning & warranty support of all project deliverables across all locations.

Quoted items are required to be offered with a 5 (Five) year OEM warranty and on-site support. All equipment including material to be installed by the Bidder shall be new and the product should not be declared end of support for 5 (Five) years. A certificate to that effect should be furnished from the OEM on its letterhead confirming the same. All equipment shall conform to the codes, standards and regulations applicable and benefit from the usual manufacturer's guarantees.

Under the GeM portal, while creating the bid, some items may reflect standard 2-year/3-year warranty options. However, the TENDERER requires 5 (Five) years' warranty and on-site support for each item (excluding cables & accessories). Bidders shall quote the price accordingly for each item considering 5 years' warranty support.

Primary Product & OEM Turnover for evaluation: Video Conferencing Codec / PTZ Camera with Codec (Type-A) will be considered as the Primary Product for Experience, Past Performance and OEM Turnover evaluation.

Clarification regarding this Tender: Bidders can seek written clarifications up to 2 days before the Bid submission date by email to gm-tech@gujarat.gov.in, dgmTech-gil@gujarat.gov.in & mgr-hnitcon@gujarat.gov.in.

1. Scope of work for Video Conferencing Solution

a. The Scope of complete work would broadly include Design, Engineering, Supply, Testing, Installation, Commissioning, Site Acceptance Test, Warranty and Maintenance during the contract period.

b. All the items cannot be bunched in the GeM. However, the bidder should refer to all the items along with the specifications mentioned in (Annexure A) and provide all the products as a part of the VC Solution with Support & Service till the warranty period.

c. Supply, Installation, Testing & Commissioning, with 5 years' warranty support.

d. The scope is to Supply, Install, Test and Commission the entire system end-to-end at all locations. The Successful Bidder will be responsible for making the system entirely operational for its intended use, including addition of components specific to its make/model even if not specifically mentioned in the BoQ.

e. This shall include suitable brackets for mounting the display, weather-proof enclosures, fixtures, cables, connectors & any other devices/peripherals required for the proper functioning of the installed solution.

f. All the licenses procured/deployed by the bidder for this GeM bid should be in the name of the TENDERER and valid perpetually.

g. The system shall support industry-standard H.264 / H.265 compression formats on all VC endpoints. Video feeds, wherever stored, should not lose quality due to further compression at the time of storage.

h. The Codec (Type-A) must be custom-built hardware and not software loaded on a PC. The unit must be equipped with an intuitive touch screen / panel for controlling the VC Unit.

i. The VC endpoints should support software VC solutions like Webex, Google Meet, Microsoft Teams, etc.

j. The system shall use standards-based protocols, and the offered system shall be interoperable with any existing H.323, SIP based VC equipment in a point-to-point call. All H/W and S/W required to make it interoperable should be within the scope of supply.

2. The bidder has to provide on-site 5 years' warranty for all equipment as mentioned in the RFP.

3. The successful bidder will have to offer the goods for inspection in the manner decided by GIL before delivering to the respective site(s), or at customer sites. The cost of the same has to be borne by the supplier. Any deviation found in the specification of the produced goods from the bid specification will lead to cancellation of the order. GIL/GoG will not be responsible for any time delay arising due to any deviation from the bid technical specification found at the time of inspection, and the bidder has to deliver and install the ordered goods within the prescribed time limit. At the time of inspection, the bidder is required to produce the OEM's confirmation on OEM letterhead for back-to-back warranty support as per bid terms & conditions.

4. The Bidder will have to submit OEM Authorization on OEM letterhead with the bid number for the quoted product.

5. As per GeM GTC Clause 26 regarding restrictions on procurement from a bidder of a country which shares a land border with India, the bidder has to submit a Compliance Letter on OEM's and Bidder's letterhead with the Quoted Make and Model List in the prescribed format. Non-submission of the same, or any false declaration and non-compliance of this, would be grounds for disqualification/immediate

termination of the contract and further legal action in accordance with law (Undertaking attached at Annexure B).

Performance Guarantee

- The performance guarantee will be in the form of bank guarantee for the amount equal of 5% of the value of the Order towards faithful performance of the contract obligation, and performance of the equipment during Warrantee period. In case of poor and unsatisfactory field services, THE OFFICE shall invoke the PBG.
- The Performance Guarantee shall be valid for the duration of warranty period + extra 2 months and shall be denominated in Indian Rupees and shall be in the form of an unconditional Bank Guarantee issued by any Nationalized Bank including the public sector bank or Private Sector Banks authorized by RBI or Commercial Bank or Regional Rural Banks of Gujarat or Co-Operative Bank of Gujarat (operating in India having branch at Ahmedabad / Gandhinagar) as per the G.R. no. FD/MSM/e-file/4/2024/2859/D.M.O. dated 01.05.2025 issued by Finance Department or further instruction issued by Finance department time to time in the format provided by THE OFFICE to be submitted within 15 working days of receipt of award.
- The Successful bidder has to submit Performance Bank Guarantee @ 5% of total order value within 15 days from the date of issue of Purchase order.
- In the event that any amount is recovered, adjusted, or deducted from the Performance Bank Guarantee (PBG) towards penalties, damages, or any other recoveries under the Contract, the Successful Bidder shall reload the deducted amount and restore the PBG to its original value, i.e., 5% of the total Contract Value, within 15 (fifteen) days from the date of such deduction or from receipt of notice from the Purchaser. Failure to restore the PBG within the stipulated period shall constitute a material breach of the Contract and may result in appropriate action, including recovery from pending payments, invocation of the remaining PBG, or termination of the Contract, as deemed appropriate by the Purchaser.

6. Service Terms

The understanding of the comprehensive maintenance under the warranty period is as follows:

a. In case of failure, the successful bidder needs to repair or replace the faulty part/component/device to restore services at the earliest.

b. The cost of repairing or replacement of the faulty part/component/device has to be entirely borne by the Vendor.

c. All expenses related to the part/component/device, including hiring of specialized technical expertise where required, have to be borne by the Vendor as part of comprehensive maintenance.

d. The Vendor also needs to make alternate arrangements in case of a major failure that may affect services for a longer period.

e. After repairing or replacement of the part/component/device, the Vendor needs to put the same into operation.

f. All costs related to structured cabling, interconnecting cables, power cables, connectors, mounting accessories, consumables, and any other items required for complete installation, testing,

commissioning, and successful operation of the solution shall be included in the Contract Value. No separate payment or additional charges shall be payable for such items.

7. Additional Documents to be Submitted

In the technical bid section of GeM, the bidder is also required to upload the following documents:

- Brochure and OEM Compliance of the Offered product on OEM letterhead.
- Compliance of the SoW, SLA and Payment terms, etc. as uploaded as part of the GeM Bid, on bidder's letterhead.
- Undertaking as per guidelines published by the Ministry of Finance, Dept. of Expenditure, Public Procurement Division dated 23.07.2020, in the given format, by the Bidder as well as the OEM (undertaking attached at Annexure C).

8. Payment Terms, Penalty Terms and Implementation Timeline

Particular	Time Limit	Penalty, In case of Delay	Payment
Delivery of material	T1 = T0+60 days	If the bidder fails to deliver & install the requisite hardware and software within the time limit mentioned in the bid, then a sum equivalent to zero-point five percent 0.5% of the contract value of delayed quantity per week or part of the week of delayed period shall be deducted from the payment.	100% payment will be made after Delivery & installation of all hardware and related peripherals at each site. The inspection will be done by GIL.
Completion of installation & commissioning & training at all locations.	T2=T1+15 days		

T0 = date of issue of work order & Days means calendar days.

Note: Successful bidder has to complete supply, installation and commissioning at each location within the time limit of 75 days from the date of the respective work order/site handover.

a. If the bidder fails to deliver the requisite hardware and software within the time limit mentioned in the bid, a sum equivalent to zero-point five percent (0.5%) of the delayed component value shall be deducted from the payment for each calendar week of delay or part thereof.

b. The amount of penalty for delay in delivery & installation shall be subject to a maximum limit of 10% of the total contract value.

c. Delay in excess of 20 weeks will be sufficient cause for termination of the contract. In that case, the Performance Bank Guarantee of the bidder will be forfeited.

d. In case the selected bidder does not supply the ordered items for any reason, the bidder will be liable to pay the difference amount to the purchaser, over and above the performance guarantee, which the indenting department has to pay to the next selected bidder for the said items.

e. In the event that any equipment or solution is required to be shifted within the same building or premises, the bidder shall carry out the shifting, reinstallation, testing, and commissioning free of cost, without any additional charges to the purchaser.

f. In the event that any equipment or solution is required to be shifted to a different building or another premises/location, the bidder shall undertake the shifting, reinstallation, testing, and commissioning. The charges for such shifting shall not exceed 1% of the total BoQ value for each such instance. The transportation cost and insurance cost is inclusive.

8.1 Operational Penalties

Any issue or fault that adversely impacts the functioning of the Video Conferencing and Boardroom Solution network, or any problem that affects end users' ability to access or utilize the system, shall be considered under operational penalties. The priority-wise classification of locations is provided below, and the applicable penalties shall be imposed accordingly.

Sr. No.	Service Parameter	SLA	Penalty
1	Response Time (Remote)	Within 4 hours	₹500 per device per day of delay
2	On-site Engineer Visit	Within 1 calendar day from complaint registration	₹1,000 per device per day of delay
3	Resolution of Minor Issues (configuration/software)	Within 2 calendar days	₹1,000 per device per day of delay
4	Resolution of Major Hardware Failure	Within 5 calendar days	₹2,000 per device per day of delay
5	Replacement of Defective Equipment (if repair is not possible)	Within 5 calendar days	₹5,000 per device per week of delay

Additional Conditions

- Delay shall be calculated after expiry of the applicable SLA.
- If the equipment remains non-functional for more than 15 consecutive days, the bidder shall provide equivalent or higher-specification standby equipment until the original equipment is repaired or replaced.
- The total penalty during the contract period shall be limited to 10% of the total contract value.
- Penalties may be recovered from pending payments, Performance Security, or any other dues payable to the bidder.
- Any exception to the service support obligations or the applicable penalties shall be considered only based on written communication submitted by the successful bidder and accepted by the Purchaser after verification of the validity of the reasons provided.
- Replacement of the existing/old cables, wherever required for successful installation and commissioning of the solution, shall be the responsibility of the successful bidder and shall be carried out without any additional cost to the Purchaser. All associated costs shall be deemed to be included in the quoted price.

8.2 Complaint Resolution

The bidder shall provide comprehensive support during the warranty period for all supplied VC Endpoints, Interactive Flat Panels, and associated accessories.

1. Complaints may be registered by the Purchaser through telephone, email, or any other communication mode provided by the bidder.

2. The bidder shall nominate a single Point of Contact (PoC) along with an escalation matrix before commissioning of the project.

3. The bidder shall acknowledge the complaint within 4 hours of receipt.

4. Wherever feasible, the bidder shall attempt to resolve the issue remotely. If remote resolution is not possible, an engineer shall visit the site within 1 calendar day.

5. Hardware-related issues shall be resolved within 5 calendar days from the time of complaint registration.

6. If the equipment cannot be repaired within the stipulated resolution time, the bidder shall provide an equivalent or higher-configuration replacement/standby unit until the original equipment is repaired or replaced.

7. A complaint shall be treated as resolved only after the equipment is restored to normal working condition and confirmation is obtained from the authorized representative of the Purchaser.

8. Failure to comply with the above service levels shall attract penalties as specified under Clause 8.1.1 – Operational Penalties.

Escalation Matrix

The successful bidder shall submit an escalation matrix containing the names, designation, mobile numbers, and email addresses of:

- First Level – Service Engineer/Support Executive
- Second Level – Service Manager
- Third Level – Authorized Representative/Project Manager

9. BoQ

Sr. No.	Requirement	Deployment Level	Total Qty
1	Type-A Video Conferencing Endpoint (Codec-based: PTZ Camera, Codec, Microphones, Touch Control Panel) — as per Annexure A	District HQ / Secretariat (Annexure D-1)	44
2	Type-B Video Conferencing Endpoint (All-in-One Video Bar) — as per Annexure A	Taluka Level Offices (Annexure D-2)	285
3	75-Inch Interactive Flat Panel with OPS — as per Annexure A	District HQ / Secretariat (Annexure D-1)	44
4	55-Inch Display Unit — as per Annexure A	Taluka Level Offices (Annexure D-2)	285
5	Required Cables, Mounting Brackets & Accessories for all above items	All Locations	As required

Note: The above quantities are as per the location-wise requirement detailed in Annexure D. The bidder should provide all hardware required for completion of the entire solution at each location.

10. Make and Model List

Sr. No.	Item Description	Make & Model
1	Type-A VC Endpoint (Codec-based) (44 Nos.)	
2	Type-B VC Endpoint (All-in-One Video Bar) (285 Nos.)	
3	75-Inch Interactive Flat Panel with OPS (44 Nos.)	
4	55-Inch Display Unit (285 Nos.)	
5	Cables, Mounting Kit & Accessories	Standard

Note: The Bidder may quote only one option (i.e. one Make and Model) against each item. Bidders are required to mention the Make and Model of the product (do not write “OEM” against items). Ensure that all equipment including material to be installed by the Bidder shall be new and the product should not be de-supported or declared end of life during the next 5 years. If the quoted model is not available, the bidder should supply a higher/upgraded model.

Technical Specifications — Type-A (Recommended RFP Specification)

Sr. No.	Criteria	Recommended RFP Specification
1	Product Architecture	The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. All components shall be from the same OEM and supplied as an integrated solution.
2	Camera	PTZ Camera supporting minimum 4K UHD resolution, 12X optical zoom, minimum 5X digital zoom.
3	Camera	The PTZ camera shall support minimum 10 programmable camera presets.
4	Video Resolution	Should support minimum 1080p resolution at 30 fps. The system should also support 4K UHD (3840 × 2160) video resolution at 30 fps or higher on both Video Input and Output interfaces.
5	Video Output	The system shall support dual display operation.
6	Content Sharing	Support wired and wireless content sharing up to 4K resolution. Wireless presentation shall support Windows, macOS, Android and iOS devices through industry-standard technologies (including Miracast/AirPlay) or OEM equivalent without requiring third-party hardware.
7	Video Codec	Support H.264, or higher
8	Calling Protocol	Support SIP and H.323 protocols.
9	Network	Support IPv4, IPv6
10	Network Interfaces	Shall support NTP (Network Time Protocol).
11	Audio	It should support 3 microphones with digital/Stereo pin architecture connected to a codec directly or through an external audio bridge each with an illuminated mute button/sensor. 2 mics should be supplied from day 1. All mics to be from the endpoint OEM only. Acoustic Echo Cancellation (AEC), Automatic Gain Control (AGC), Noise Reduction and full-duplex audio shall be supported.
12	Camera	The camera shall be directly connected or over an AV over IP network to the codec. The camera should be with a power adapter or get the power from codec.
13	UC Platform	OEM solution shall be certified to be configured for Microsoft Teams Room.
14	Management	OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on-premises and/or cloud deployment.
15	Interfaces	Minimum 1 × Gigabit Ethernet, dual HDMI display outputs, HDMI content input, USB interface for peripherals and audio connectivity as required for the offered solution.
16	Security	Support AES-128/256 media encryption, TLS/SRTP, HTTPS, SSH, certificate-based authentication (Enterprise CA)

Sr. No.	Criteria	Recommended RFP Specification
17	BYOD/USB Passthrough	Support native Single cable BYOD operation through USB-C enabling use of the endpoint camera, microphones and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients. The system should be supplied with USB 3.0 cable for USB Pass-thru mode for seamless functionality.
18	Expandability	Support connection of additional camera and microphones for larger conference rooms without replacement of the base codec.
19	Warranty	Minimum 5 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.
20	Warranty	OEM shall provide firmware/software updates, security patches and technical support during the entire warranty period without any additional cost.
21	General	All accessories required for installation and commissioning, including power supply, power cords, camera cables, microphone cables, interface cables and mounting accessories, shall be supplied along with the offered solution.
22	Call Statistics	The system shall display real-time call statistics, including bandwidth utilization, packet loss, latency and jitter, for troubleshooting purposes.
23	Standards & Certifications	The offered product shall comply with CE, FCC and RoHS (or equivalent Indian certifications).
24	Interoperability	The offered endpoint shall interoperate with existing standards-based H.323, SIP video conferencing endpoints from other OEMs without requiring any additional gateway.
25	Software & Licensing	All software licenses, firmware, operating system licenses and feature licenses required for the offered functionality shall be perpetual and supplied from Day One. No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.
26	Demonstration	Bidder has to demonstrate the above mentioned feature at tenderer premises to qualify for financial opening – PoC required.

Technical Specifications — Type-B (Recommended RFP Specification)

Sr. No.	Criteria	Recommended RFP Specification
1	Product Architecture	The offered solution shall be an All-in-one video bar with integrated microphone, speaker, codec and 4K camera, plus a touch control panel/Remote; all from the same OEM and supplied as an integrated solution.
2	Camera	Camera supporting minimum 4K UHD resolution, minimum 5X digital zoom, auto-framing, presenter/speaker tracking and AI-enabled framing features.
3	Camera	The camera shall support minimum 10 programmable camera presets.

Sr. No.	Criteria	Recommended RFP Specification
4	Video Resolution	Should support minimum 1080p resolution at 30 fps. The system should also support 4K UHD (3840 × 2160) video resolution at 30 fps or higher on both Video Input and Output interfaces.
5	Video Output	The system shall support dual display operation.
6	Content Sharing	Support wired and wireless content sharing up to 4K resolution. Wireless presentation shall support Windows, macOS, Android and iOS devices through industry-standard technologies (including Miracast/AirPlay) or OEM equivalent without requiring third-party hardware.
7	Video Codec	Support H.264, or higher
8	Calling Protocol	Support SIP and H.323 protocols.
9	Network	Support IPv4, IPv6
10	Network Interfaces	Shall support NTP (Network Time Protocol).
11	Audio	Minimum 01 enterprise-grade omnidirectional / directional microphones with mute button. Codec shall support minimum 1 microphone expansion. Acoustic Echo Cancellation (AEC), Automatic Gain Control (AGC), Noise Reduction and full-duplex audio shall be supported.
12	Camera	Support Auto Framing, Speaker Tracking, Face Detection or equivalent AI-enabled camera functions. Intelligent tracking shall be configurable (enable/disable).
13	UC Platform	OEM solution shall be certified to be configured for Microsoft Teams Room.
14	Management	OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on-premises and/or cloud deployment.
15	Interfaces	Minimum 1 × Gigabit Ethernet, dual HDMI display outputs, HDMI content input, USB interface for peripherals and audio connectivity as required for the offered solution.
16	Security	Support AES-128/256 media encryption, TLS/SRTP, HTTPS, SSH, certificate-based authentication (Enterprise CA)
17	BYOD/USB Passthrough	Support native Single cable BYOD operation through USB-C or equivalent interface enabling use of the endpoint camera, microphones and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients.
18	Expandability	Support connection of additional camera and microphones for larger conference rooms without replacement of the base codec.
19	Warranty	Minimum 5 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.
20	Warranty	OEM shall provide firmware/software updates, security patches and technical support during the entire warranty period without any additional cost.
21	General	All accessories required for installation and commissioning, including power supply, power cords, camera cables, microphone cables,

Sr. No.	Criteria	Recommended RFP Specification
		interface cables and mounting accessories, shall be supplied along with the offered solution.
22	Call Statistics	The system shall display real-time call statistics, including bandwidth utilization, packet loss, latency and jitter, for troubleshooting purposes.
23	Standards & Certifications	The offered product shall comply with CE, FCC and RoHS (or equivalent Indian certifications).
24	Interoperability	The offered endpoint shall interoperate with existing standards-based H.323, SIP video conferencing endpoints from other OEMs without requiring any additional gateway.
25	Software & Licensing	All software licenses, firmware, operating system licenses and feature licenses required for the offered functionality shall be perpetual and supplied from Day One. No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.
26	Demonstration	Bidder has to demonstrate the above mentioned feature at tenderer premises to qualify for financial opening – PoC required.

Annexure A

Specification of Video Conferencing System & Interactive Flat Panels

A.1 Type-A Video Conferencing Endpoint (Codec-Based) — Quantity: 44 Nos.

Sr. No.	Parameter	Specification	Compliance (YES/NO)
1	Product Architecture	The offered solution shall be a codec-based enterprise Video Conferencing Endpoint comprising a dedicated Codec, PTZ Camera, minimum two omnidirectional / directional microphones and Touch Control Panel. All components shall be from the same OEM and supplied as an integrated solution.	
2	Camera	PTZ Camera supporting minimum 4K UHD resolution, 12X optical zoom, minimum 5X digital zoom.	
3	Camera	The PTZ camera shall support minimum 10 programmable camera presets.	
4	Video Resolution	Should support minimum 1080p resolution at 30 fps. The system should also support 4K UHD (3840 × 2160) video resolution at 30 fps or higher on both Video Input and Output interfaces.	
5	Video Output	The system shall support dual display operation.	
6	Content Sharing	Support wired and wireless content sharing up to 4K resolution. Wireless presentation shall support Windows, macOS, Android and iOS devices through industry-standard technologies (including Miracast/AirPlay) or OEM equivalent without requiring third-party hardware.	
7	Video Codec	Support H.264, or higher	
8	Calling Protocol	Support SIP and H.323 protocols.	
9	Network	Support IPv4, IPv6	
10	Network Interfaces	Shall support NTP (Network Time Protocol).	
11	Audio	It should support 3 microphones with digital/Stereo pin architecture connected to a codec directly or through an external audio bridge each with an illuminated mute button/sensor. 2 mics should be supplied from day 1. All mics to be from the endpoint OEM only. Acoustic Echo Cancellation (AEC), Automatic Gain Control (AGC), Noise Reduction and full-duplex audio shall be supported.	
12	Camera	The camera shall be directly connected or over an AV over IP network to the codec. The camera should be with a power adapter or get the power from codec	
13	UC Platform	OEM solution shall be certified to be configured for Microsoft Teams Room.	

Sr. No.	Parameter	Specification	Compliance (YES/NO)
14	Management	OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on-premises and/or cloud deployment.	
15	Interfaces	Minimum 1 × Gigabit Ethernet, dual HDMI display outputs, HDMI content input, USB interface for peripherals and audio connectivity as required for the offered solution.	
16	Security	Support AES-128/256 media encryption, TLS/SRTP, HTTPS, SSH, certificate-based authentication (Enterprise CA)	
17	BYOD/USB Passthrough	Support native Single cable BYOD operation through USB-C enabling use of the endpoint camera, microphones and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients. The system should be supplied with USB 3.0 cable for USB Pass-thru mode for seamless functionality.	
18	Expandability	Support connection of additional camera and microphones for larger conference rooms without replacement of the base codec.	
19	Warranty	Minimum 5 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.	
20	Warranty	OEM shall provide firmware/software updates, security patches and technical support during the entire warranty period without any additional cost.	
21	General	All accessories required for installation and commissioning, including power supply, power cords, camera cables, microphone cables, interface cables and mounting accessories, shall be supplied along with the offered solution.

		Day One. No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.	
26	Demonstration	Bidder has to demonstrate the above mentioned feature at tenderer premises to qualify for financial opening – PoC required.	

A.2 Type-B Video Conferencing Endpoint (All-in-One Video Bar) — Quantity: 285 Nos.

Sr. No.	Parameter	Specification	Compliance (YES/NO)
1	Product Architecture	The offered solution shall be an All-in-one video bar with integrated microphone, speaker, codec and 4K camera, plus a touch control panel/Remote; all from the same OEM and supplied as an integrated solution.	
2	Camera	Camera supporting minimum 4K UHD resolution, minimum 5X digital zoom, auto-framing, presenter/speaker tracking and AI-enabled framing features.	
3	Camera	The camera shall support minimum 10 programmable camera presets.	
4	Video Resolution	Should support minimum 1080p resolution at 30 fps. The system should also support 4K UHD (3840 × 2160) video resolution at 30 fps or higher on both Video Input and Output interfaces.	
5	Video Output	The system shall support dual display operation.	
6	Content Sharing	Support wired and wireless content sharing up to 4K resolution. Wireless presentation shall support Windows, macOS, Android and iOS devices through industry-standard technologies (including Miracast/AirPlay) or OEM equivalent without requiring third-party hardware.	
7	Video Codec	Support H.264, or higher	
8	Calling Protocol	Support SIP and H.323 protocols.	
9	Network	Support IPv4, IPv6	
10	Network Interfaces	Shall support NTP (Network Time Protocol).	
11	Audio	Minimum 01 enterprise-grade omnidirectional / directional microphones with mute button. Codec shall support minimum 1 microphone expansion. Acoustic Echo Cancellation (AEC), Automatic Gain Control (AGC), Noise Reduction and full-duplex audio shall be supported.	

Sr. No.	Parameter	Specification	Compliance (YES/NO)
12	Camera	Support Auto Framing, Speaker Tracking, Face Detection or equivalent AI-enabled camera functions. Intelligent tracking shall be configurable (enable/disable).	
13	UC Platform	OEM solution shall be certified to be configured for Microsoft Teams Room.	
14	Management	OEM shall provide centralized enterprise management platform for provisioning, monitoring, diagnostics, firmware upgrades and inventory management supporting both on-premises and/or cloud deployment.	
15	Interfaces	Minimum 1 × Gigabit Ethernet, dual HDMI display outputs, HDMI content input, USB interface for peripherals and audio connectivity as required for the offered solution.	
16	Security	Support AES-128/256 media encryption, TLS/SRTP, HTTPS, SSH, certificate-based authentication (Enterprise CA)	
17	BYOD/USB Passthrough	Support native Single cable BYOD operation through USB-C or equivalent interface enabling use of the endpoint camera, microphones and speakers with Microsoft Teams, Zoom, Webex and other standard soft clients.	
18	Expandability	Support connection of additional camera and microphones for larger conference rooms without replacement of the base codec.	
19	Warranty	Minimum 5 Years Comprehensive OEM Warranty including hardware replacement, firmware updates and OEM technical support.	
20	Warranty	OEM shall provide firmware/software updates, security patches and technical support during the entire warranty period without any additional cost.	
21	General	All accessories required for installation and commissioning, including power supply, power cords, camera cables, microphone cables, interface cables and mounting accessories, shall be supplied along with the offered solution.	
22	Call Statistics	The system shall display real-time call statistics, including bandwidth utilization, packet loss, latency and jitter, for troubleshooting purposes.	
23	Standards & Certifications	The offered product shall comply with CE, FCC and RoHS (or equivalent Indian certifications).	
24	Interoperability	The offered endpoint shall interoperate with existing standards-based H.323, SIP video conferencing	

Sr. No.	Parameter	Specification	Compliance (YES/NO)
		endpoints from other OEMs without requiring any additional gateway.	
25	Software & Licensing	All software licenses, firmware, operating system licenses and feature licenses required for the offered functionality shall be perpetual and supplied from Day One. No recurring subscription shall be mandatory for basic video conferencing functionality during the warranty period.	
26	Demonstration	Bidder has to demonstrate the above mentioned feature at tenderer premises to qualify for financial opening – PoC required.	

A.3 75-Inch Interactive Flat Panel with OPS — Quantity: 44 Nos. (Generic Specification)

Sr. No.	Parameter	Specification	Compliance (YES/NO)
1.0	Display Size	75 Inch Interactive Flat Panel	
2.0	Resolution	4K UHD (3840 × 2160) or higher	
3.0	Display Technology	IPS / LED, Anti-glare LCD	
4.0	Brightness	350 nits or higher	
5.0	Contrast Ratio	1200:1 or higher	
6.0	Aspect Ratio	16:09	
7.0	Panel Life	Minimum 50,000 hours	
8.0	Viewing Angle	178° (Horizontal & Vertical)	
9.0	Touch Technology	Infrared (IR) / Capacitive	
10.0	Number of Touch Points	Minimum 20 Touch Points	
11.0	Touch Surface	Toughened tempered glass with anti-glare, anti-scratch & anti-fingerprint coating	
12.0	Response Time	Less than 6 ms	
13.0	In-built Speakers	Yes	
14.0	OPS Slot	Available	
15.0	OPS Processor	Intel Core i5 (10th Generation or better)	
16.0	OPS RAM	Minimum 8 GB	
17.0	OPS Storage	Minimum 256 GB SSD	
18.0	Operating System	Android OS & Windows 10/11 (Pre-installed)	
19.0	Connectivity	In-built Wi-Fi (2.4 GHz & 5 GHz), Bluetooth, RJ-45 Ethernet	
20.0	Ports	Minimum 2 x HDMI, USB 2.0, USB 3.0	
21.0	Accessories	Electronic Stylus (2 Nos.), Wall Mount / Trolley Kit, HDMI/USB/Power Cables	
22.0	On Site OEM Warranty	Minimum 5 Years	

A.4 55-Inch Display Unit — Quantity: 285 Nos. (Generic Specification)

Sr. No.	Parameter	Specification	Compliance (YES/NO)
1.0	Display Size	55 Inch	
2.0	Resolution	4K UHD (3840 × 2160) or higher	
3.0	Display Technology	IPS / LED, Anti-glare LCD	
4.0	Panel Life	Minimum 50,000 hours	
5.0	Viewing Angle	178° (Horizontal & Vertical)	
6.0	Touch Surface	Toughened tempered glass with anti-glare, anti-scratch & anti-fingerprint coating	
7.0	Response Time	Less than 6 ms	
8.0	In-built Speakers	Yes	
9.0	Operating System	Android OS & open OS (Pre-installed)	
10.0	Connectivity	In-built Wi-Fi (2.4 GHz & 5 GHz), Bluetooth, RJ-45 Ethernet	
11.0	Ports	Minimum 2 x HDMI, USB 2.0, USB 3.0	
12.0	Accessories	Electronic Stylus (2 Nos.), Wall Mount / Trolley Kit, HDMI/USB/Power Cables	
13.0	On Site OEM Warranty	Minimum 5 Years	

Please Note

- Bidder should supply all the required accessories, hardware, cables, adaptors, mounting kits, required for the solution.
- All the above-mentioned hardware should have 5 years' warranty & on-site support.
- The bidder will have to provide service centres in at least one major city of Gujarat, with a defined on-site response SLA for all locations.
- The Bidder will offer the solution for inspection/FAT for VC Solutions for each location and function requirement, and also for each additional requirement.
- The qualified bidders will have to successfully demonstrate (PoC) the proposed solution's functionality as per the requirement of the RFP.
- Bidder shall provide comprehensive on-site free support for 5 years from the date of FAT for the respective components/applications, including for any additional order/requirement.
- The successful bidder shall be responsible for configuring and installing the supplied hardware at each location.

Annexure – B

On Letterhead of Bidder

Please submit the undertaking letter as per Ministry of Finance Memorandum No.: F. No.6/18/2019-PPD dated 23.07.2020 & Office Memorandum No.: F.18/37/2020-PPD dated 08.02.2021 as per the Proforma given below, on OEM letterhead as well as on bidder's letterhead.

Sub: Undertaking as per Office Memorandum No.: F. No.6/18/2019-PPD dated 23.07.2020 & Office Memorandum No.: F.18/37/2020-PPD dated 08.02.2021 & 23.02.2023 published by Ministry of Finance, Dept. of Expenditure, Public Procurement Division

Annexure - C

On Letterhead of OEM

Sub: Undertaking as per Office Memorandum No.: F. No.6/18/2019-PPD dated 23.07.2020 & Office Memorandum No.: F.18/37/2020-PPD dated 08.02.2021 & 23.02.2023 published by Ministry of Finance, Dept. of Expenditure, Public Procurement Division

Ref: Bid Number: _____

Dear Sir,

I have read the clause regarding restriction on procurement from a bidder of a country that shares a land border with India. I certify that our quoted product and our company are not from such a country, or if from such a country, our quoted product and our company have been registered with the competent authority. I hereby certify that these quoted products and our company fulfil all requirements in this regard and are eligible to be considered for procurement for Bid number _____.

No.	Item Category	Quoted Make & Model

In case I am supplying material from a country which shares a land border with India, I will provide evidence for valid registration by the competent authority; otherwise GIL/End user Dept. reserves the right to take legal action against us.
